Petitioner along with counsel present. The minor namely Muhammad Abbas s/o Habib Ullah Khan also present. Record received. Statement of Mst. Mastan Khela (guardian/mother of the minor namely Muhammad Abbas) recorded and copy of her CNIC is exhibited as Ex.PA. The certificate of enrolment of the minor in the Madrasa produced, which is placed on file.

Arguments heard and record perused.

After hearing of arguments and perusal of the record, I am of the opinion that the ultimate object of guardianship is the welfare of the minor as per the Guardians and Wards Act, 1890. The present minor is the son of the present petitioner. The minor has no source of income. Also, his guardian who is his mother is an illiterate and poor widow, who also have no source of income. The object of the petition is clearly mentioned as his education at a Madrasa. The amount of the minor in the saving center is approximately less than Rs. 100,000/- which can only work for a limited period of time for bearing the expenses of the minor. No one can love and take care of the present minor more than the present petitioner for being mother of the minor.

Thus, in the light of the said facts and circumstances, the application in hand is **accepted** subject to furnishing bonds
