register-19 the copies of DD dated 17.11.2023 are Ex. PW-5/9. He was also cross examined by the counsel for the defense at length.

(7). Prosecution closed its evidence whereafter the statement of accused was recorded u/s 342 Cr.P.C but the accused neither wished to be examined on oath nor opted to produce any evidence in defence.

(8). Counsel for the accused facing trial submitted an application for opening and checking the sealed case property which was accepted by the court and after requisitioning the case property from District Mal Khan the same was de-sealed in the open court. The observation of the court regarding the case property are recorded in order sheet no. 25 dated 04.11.2024.

(9). Arguments:

Learned DyPP for the state argued that 200 grams of ICE and two 30-bore pistols along with nine live-rounds and leather cover of the pistols have been recovered from the possession of accused facing trial and he was arrested by the complainant SHO PS Kurez at the spot. He argued that the recovery memo Ex. PW 3/1 is duly signed by the marginal witnesses and there is no contradiction in the statements of the prosecution witnesses relating to the process of recovery. That after arrest of the accused Murasila Ex. PW 4/2 was drafted

which was taken by constable Syed Abbas Ali Shah no. 550 to PS and the Moharrir of the PS incorporated the same in FIR no. 46, dated 15.11.2023, Ex. PW 2/1. That the case property was safely transmitted by the complainant SHO and handed over parcels no. 1 to 4 containing one gram ICE, 199 grams ICE along with plastic sack, two 30-bore pistols along with two chargers, nine live rounds and leather cover and USB respectively which were duly entered in the relevant register no. 19, copy of which Ex. PW 2/2 of the police station. The specimen separated for FSL sealed in parcel no. 1 and pistols along with leather cover and live rounds sealed in parcel no. 3 were handed over to Investigation officer Hashim Khan, who handed over the same to PW-2 along with transit receipt and the parcels were safely transmitted to FSL. He argued that there is no contradiction regarding safe custody and transmission of the case property to FSL and Mal Khana. He further argued that there is no contradiction of the statements of PWs and the prosecution has fully proved its case against the accused facing trial. He prayed for conviction of the accused.

- (10). On the other hand, learned counsel for the accused facing trial during arguments diverted the attention of the court towards order sheet no. 25, dated 04.11.2024 and argued that all the statements of the prosecution

witnesses are based on lie and the same cannot be used against the accused on the ground that when parcel no. 2 containing allegedly ICE was de-sealed in open court in presence of prosecution, incharge Mal Khana and other court staff, the contents of parcel no. 2 were found to be food salt instead of ICE (methamphetamine) as observed by the court in same order sheet. He further argued that while watching the video recorded in the USB, sealed in parcel no. 4, it has been observed that the alleged pistols recovered in the video at the spot were black in colour and its cover (کاش) was made of parachute cloth but the pistols produced before the court in parcel no. 3 were found to be white (steel colour). He requested that after the said observations of the court there is nothing to prove that the story of prosecution is based on fact. He argued that the case against the accused facing trial is concocted and based on malafide and the case has been registered only in order to show the fake progress of the police before their high-ups. He prayed for acquittal of the accused of facing trail in the instant case.

(11). Findings:

Available record perused with the help of the assistance put forward by the learned DyPP for the state and counsel for the accused, which shows that on 15.11.2023 Muhammad Younas SHO PS Kurez Boya

sent Murasila through constable Syed Abbas Ali Shah no. 550, wherein it is alleged that on the day of occurrence at 1230 hours, near Dawli chowk a suspicious person was stopped and his body search was carried out during which two 30-bore pistols, one from his fold of Shalwar and other from leather cover tied around his waist were recovered along with nine live rounds and on further search, one plastic sack containing 200 grams ICE were recovered from possession of accused which were weighed through digital scale at the spot and sealed in separate parcels and after preparing recovery memo, card of arrest and Murasila the instant FIR was registered.

- (12). During the course of evidence, although almost all the PWs recorded their statements in line the prosecution evidence and after closing of prosecution evidence when counsel for the accused submitted application for de-sealing the case property in the open court. His application being genuine and accepted by the court vide its order dated 04.11.2024 order sheet no. 25. The case property was requisitioned from Mal Khana which was brought by incharge District Mal Khana and de-sealed by the court in presence of DyPP, incharge Mal Khana and counsel for the accused and other staff members, this court conducted a sample test of the contents of parcel no. 2 (alleged ICE). This court exposed the contents of parcel no. 2 to bare flame by putting the contents of

parcel no. 2 into aluminium foil, but the same despite of getting enough heat neither melted into liquid form nor the same converted into smoke which is admitted chemical property of methamphetamine ICE. The contents of parcel no. 2 after getting heat became brackish and hardened and when this court got confirmed that the contents of parcel no. 2 is not methamphetamine and thereafter in order to further verify the contents of parcel no. 2 the same was tasted through tongue by the learned DyPP and counsel for the accused facing trail as well as this court and it was confirmed by all the people that the contents of parcel no. 2 are food salt and not (methamphetamine) ICE. Similarly, it was also observed while watching video that the pistols shown in the video were black in colour while the pistols in sealed in parcel no. 3 when de-sealed were found to be white in colour (steel colour) which clearly indicate that the recovery of ICE as well as pistols is fake and concocted. It is further noticed that in the recovery memo the cover of the pistol (کاش) is mentioned as leather cover (کاش چرمی) but when the cover laying inside parcel no. 3 was checked the same was found to be made of parachute cloth. All the parcels were again sealed in the court and sent back to District Mal Khana.

accused facing trail is not based on facts and the case has been made against the accused facing trail by the police only to show progress before their high-ups. The evidence produced by the prosecution in the respect of the recovery, FSL etc are not based on facts and the same cannot be taken into consideration for the conviction of the accused. I, therefore acquit the accused facing trial from the charges levelled against him. He is on bail, his sureties are discharged from the liabilities of the their bail bonds. Case property be kept intact till the expiry of period provided for appeal/ revision in the instant case. Case file of this court be consigned to record room within the stipulated period.
