overpowered. They disclosed their names as Raza Badshah and Ahmed Hussain. During search, complainant/SHO recovered a blue colour plastic sack from right hand of Raza Badshah and two hand grenades bearing No. POF71 and POF197, one each from each side pocket of his shirt. BDU staff was called for diffusing the hand grenades. On checking the plastic sack ICE were recovered which were found to be 600 grams on weighing through digital scale, out of which one gram was separated and packed into parcel No. 1 for sending the same to FSL for chemical analysis, while remaining 599 grams were packed and sealed into parcel No. 2. Similarly, the complainant/SHO also recovered a white colour plastic sack from right hand of accused Ahmed Hussain and recovered two hand grenades bearing No. 4093PFM-2 and 38124 each from both side pockets of his shirt. On checking the plastic sack, ICE were recovered which were found to be 200 grams on weighing through digital scale, out of which one gram was separated and packed into parcel No. 3 for sending the same to FSL for chemical analysis, while remaining 199 grams were packed and sealed into parcel No. 4. BDU staff on their arrival diffused all the recovered hand grenades on the spot. Two hand grenades recovered from Raza Badshah were packed and sealed into parcel No. 5. Similarly, the two hand grenades recovered from Ahmed Hussain were packed and sealed into parcel No. 6. Videography of the

(6). Prosecution abandoned PW Murad Gul being

witness of the same facts as deposed by PW Fazal Hameed and closed its evidence whereafter the statement of accused was recorded u/s 342 Cr.PC, but the accused neither wished to be examined on oath, nor opted to produce any evidence in defense.

(7). Arguments:

Learned DyPP for the state argued that the complainant has conducted raid at the room of the accused facing trial after receiving spy information and they were arrested red handed at the spot. That the recovery has been affected from direct possession of the accused facing trial in presence of the marginal witnesses of the recovery memos. He argued that the statements of PWs as well as FSL report are fully in line with the prosecution case and there is no contradiction to prove fatal for their case. He further argued that the statements of PWs have remained intact during the lengthy cross examinations by the defense counsel. He prayed that accused facing trial are involved in the commission of the offense which is heinous in nature and dangerous drug ICE has been recovered from their possession. He prayed for conviction of the accused facing trial in the instant case.

(8). On the other hand, learned counsel for the accused facing trial argued that despite of prior spy information,

STATE VS RAZA BADSHAH ETC

Case No. 21/3, FIR No. 43 | Dated: 29.06.2024 | U/S 11(b) KP CNSA, | Police Station: Mishti Mela

the complainant has neither associated any private witness with him to the recovery proceedings, nor he has conducted any test purchase. He argued that the statements of PWs were badly shattered during the course of cross examination. He contended that the place of occurrence is situated at the top of the mountain and there is no access of vehicle to the spot and one has to reach there by walking and climbing the mountain, so it is not appealing to prudent minds that the accused were present with narcotics and explosive and they had not decamped from the spot. It is also not appealing to prudent mind that the accused might have not seen the police while approaching the place of occurrence. That the whole story is based on lies and there is nothing on record to prove the alleged recoveries against the accused facing trial. He prayed for acquittal of the accused facing trial.

(9). Findings:

After hearing arguments, available record perused.

It is the case of prosecution that on 29.06.2024 at 1300 hours, on complaints regarding selling of ICE, raid was conducted at a room situated at Mir Gharra mountain Nari Talab, where the complainant arrested accused facing trial Raza Badshah and recovered 600 grams ICE from his right hand and two hand grenades, one each from each side pockets of his shirt. Similarly, he

Case No. 21/3, FIR No. 43 | Dated: 29.06.2024 | U/S 11(b) KP CNSA, | Police Station: Mishti Mela recovered 200 grams ICE from the left hand of accused

facing trial Ahmed Hussain and two hand grenades, one each from each side pockets of his shirt. That one gram ICE from each packet was separated for FSL and BDU staff was called for diffusing the hand grenades, who reached to the spot and diffused the recovered hand grenades.

(10). Complainant Muhammad Younas SHO appeared as PW-03 and he repeated the whole story as alleged in the Murasila Ex. PW-3/3, but during cross examination, he failed to state the nature of complaints received to him against the accused facing trial. He admitted that he has not made any entry in the DD regarding such complaints and that he has not made any test purchase despite of prior information. According to the allegations in the report, the accused facing trial were busy in selling ICE at the place of occurrence in a room which is situated at the top of the mountain, but neither any scale has been recovered from the possession of the accused facing trial, nor the accused facing trial had made any attempt to make good their escape from the place of occurrence despite of having a lot of time when the police parked their vehicles and started climbing the mountain. It is also astonishing fact that despite of being busy in selling ICE, no money has been recovered from the possession of any of the accused facing trial. The site plan Ex. PB

STATE VS RAZA BADSHAH ETC

Case No. 21/3, FIR No. 43 | Dated: 29.06.2024 | U/S 11(b) KP CNSA, | Police Station: Mishti Mela

shows that a room in the place of occurrence has been constructed by the accused facing trial, but no evidence regarding the ownership of the room has been placed on record. It is also strange that the accused facing trial were present in the room which is surrounded by forest and mountains from all the four sides, but they were not in possession of any kind of arms i.e., pistol or gun, rather the prosecution has alleged the recovery of hand grenades against them which is also not appealing because in such a deserted and dangerous place which is surrounded by mountains and forest, but the inmates have no weapons like pistol or gun for their self-defence, rather they were shown in possession of hand grenades which usually kept for attack on someone rather than for self defense and that is the reason that the recovery seems concocted and engineered. Learned defense counsel produced copy of FIR No. 44, dated 29.06.2024, Murasila and recovery memo which shows that similar nature of FIR No. 44, dated 29.06.2024 is subsequently registered to the instant case on the same day at 1740 hours by the same complainant and same kind of recovery in shape of ICE and hand grenades were made and astonishingly the same marginal witnesses are also cited on the recovery memo of the said FIR. It is general principal of evidence that if a witness lies in respect a particular event and the same proved on record otherwise, in such circumstances his remaining statement

also become doubtful and cannot be believed. PW-05

Fazal Hameed who is marginal witness in both the instant FIR No. 43 and in subsequent FIR No. 44 has stated during his cross examination that after return to the PS in the present case, they have not left the PS on the same day, if his this statement is considered correct then how he signed the recovery memo in case FIR No. 44, dated 29.06.2024 registered at 1900 hours. The statements of marginal witnesses, in respect of the crime scene and the number of police officials present at the spot, are not unanimous. The complainant in Murasila Ex. PW-3/3 and in his examination in chief as PW-03 has shown the presence of Fazal Hameed No. 1247, Saleem Khan No. 1242 and Murad Gul No. 1264 and other police officials and nowhere he has mentioned the presence of driver Sami Ul Haq with him at the place of occurrence, but during cross examination he has stated that driver Sami Ul Haq was also present with him. PW-05 marginal witness of the recovery memo has made further improvement and stated that they were 5/6 police officials at the time of leaving the PS, but according to him 8/10 officials were present on the spot at the time of raid. Although PW-03 during his volunteer statement has stated that he accompanied 2/3 police officials from Mishti Mela check post, but neither their names are mentioned in the report, nor any DD is available on the case file in respect of their presence at the spot at the

time of occurrence. PW-06 during his cross examination

stated that BDU officials came to the spot at 1400 hours,
while PW-03/complainant stated during cross
examination that BDU staff reached to the place of
occurrence at about 01:25PM to 01:30PM.

(11). PW-06 stated that complainant/PW-03 handed
over the sealed parcels to investigation officer on the
spot, but on the other hand PW-04 Muhammad Saeed
MHC has stated during his examination in chief that the
SHO handed over to him parcel No. 1 to 7 in sealed
condition. This contradiction between the statements of
PW-04 and PW-06 are making the transit of case
property to PS doubtful. Above all the last but not the
least fatal ground for the case of prosecution is that
today, before announcement of order, this court
requisitioned the parcel No. 7 (Ex. P-3) containing USB
wherein the alleged video of the occurrence was recorded
by the complainant, the same is received from Mall
Khana and de-sealed in presence of the learned Sr. PP for
the state and learned defense counsel, but instead of
USB, an empty card jacket was found wherein no
memory card exists. Meaning thereby that the whole
proceedings were engineered and concocted and in fact
no videography was conducted by the complainant at the
time of occurrence and in order to fulfil the formality, an
empty card jacket is sealed in the parcel. The empty

jacket is again re-sealed in presence of the learned Sr. PP

for the state and learned defense counsel by affixing seal

of monogram "AS" and the same is returned to district

Mall Khana. However, photo of the parcel is taken and

placed on file. This fact is also recorded in the last order

sheet. The videography of the process of recovery seizer

and arrest is a crucial piece of evidence and the necessity

and significance of collecting evidence through the use of

modern techniques and devices have been recognized,

not only by the legislature by amending article 164 of the

Qanoon-E-Shahadat Order, 1984 through the criminal

laws (amendment) Act, 2023, but also by the August

Supreme Court in its judgement "**Zahid Sarfaraz Gill vs**

State" (2024 SCMR 934) and by the Peshawar High

Court in case titled "**Imdad Ullah vs State**" (2024

PCrLJ 652 Peshawar). Apart from others the non-

preparation of videography is alone sufficient ground for

the acquittal of the accused facing trial in the instant case.

(12). Keeping in view the above discussion, the

prosecution failed to prove their case against the accused

facing trial beyond any shadow of doubt, I, therefore

acquit the accused facing trial from the charges levelled

against them by extending benefit of doubt. They are in

custody. They be released forthwith if not required in any

other case. Case property be kept intact till the expiry of
